

Anand Pharmacy College, Anand organized the workshop on “Hands on Training of RT-PCR” on 7th October 2022 in association with International Academy of Cardiovascular Sciences (IACS)-India section and Indian Pharmaceutical Association (IPA), Anand Local Branch coordinated by IACS member Dr. Tejal R. Gandhi. Total 21 participants were trained by field expert Dr. Niraj Sojitra, Field Scientist, ThermoFischer Scientific. This one-day workshop designated to deliver participants fundamentals of theory and hands on laboratory experience on quantitative Real Time - Polymerase chain reaction and analysis. The hands on exposure of RT-PCR added clear concept in mind about working of the instrument, setting of RT-PCR, analysis of results, and troubleshooting. This hands on experimental exposure will help the students to understand and apply the techniques in their ongoing cardiovascular and metabolic disease projects.
